MUNICIPAL BULLETIN No. 4

STATISTICS OF ONTARIO MUNICIPALITIES

The statistics in this Bulletin are compiled from schedules for 1909 furnished by the Bureau to the Municipal Clerks and Treasurers of Ontario. Many of these officers have not yet returned the schedules. In most of these cases the figures of debenture debt and of sinking funds are taken from the reports of municipal auditors, while in a few cases we have had to repeat the figures of the preceding year in absence of any returns.

To bring the information more up to date, we have attempted to give the population for 1910, as handed in to Municipal Clerks by the Assessors on April 30. Some delay has occurred owing to our having to send the schedules out a second time to nearly one half of the Clerks. Even now we give the figures for 1909 in many cases and in a few the latest available populations are for 1908. This Bulletin, however, is a preliminary statement, the object being an early presentation of the chief items of Municipal affairs.

These statistics are subject to revision in the Annual Report, where totals for the Province will be given.

We have endeavored in the Bulletin to give in a concise form for all municipalities, grouped into counties and districts, the population, area, assessed value, exemptions, taxation, debenture debts and sinking funds.

We are constantly coming across debenture debts which have been omitted from previous returns. These are usually for school purposes and for local improvements. These moneys are often not handled by the Treasurer of the municipality, and the transaction is also overlooked by the local auditors. This frequently happens when debentures are purchased by the local sinking funds. Sometimes the closest scrutiny fails to reveal a clue, but a stray item in the "miscellaneous" column, or a remark by a new officer, leads to a correspondence and the facts are disclosed. In one case a loan for a drain was handled entirely by the Clerk, and although this ran for several years not a dollar appeared in the official audits furnished to the Bureau. In a village municipality several thousand dollars were spent on granolithic sidewalks in the past five years. The audits show no trace of this as moneys of the local sinking fund were used. It looks as if in many instances auditors do not audit the financial transactions of the municipality, but rather the cash account of the Treasurer.

W. O. GALLOWAY,
Statistician.

Secretary.
